INTERNATIONAL CONFERENCE **DEGROWTH** **AND THE POLITICS OF SPACE**

ABSTRACT

This conference provides a platform to explore the spatial dimension and politics of degrowth transformations. We welcome proposals in two categories:

- 1. TOOLS FOR THOUGHT:** theoretical and conceptual contributions advancing spatial dimensions in degrowth studies.
- 2. TOOLS FOR ACTION:** Practice-oriented contributions from activists, policymakers or engaged scholars exploring how degrowth is enacted across formal, informal, institutional or insurgent spaces.
